**ABOUT THE SEMINAR:** We are pleased to inform you that as per the guidelines of MHRD for the holistic development of learning, the History Department of the College is organizing two-days online International Seminar for the faculty members, research scholars and students. This seminar will provide a platform to the participants to interact with Eminent Scholars. We invite presentations from the participants on the theme of the seminar. Time allotted is 5 minutes to participants. E-certificate (participated / presented) will be provided to all the participants after the seminar through registered e-mail id.

The National Education Policy, 2020, which was approved by the Union Cabinet of India on 29th July, 2020, outlines the vision of India's New Education System. The new policy replaces the previous National Policy on Education, 1986. The policy is a comprehensive framework for elementary education to higher education as well as Vocational training in both rural and urban India. The policy aims to transform India's education system by 2021.

In January 2015, a committee under Former Cabinet Secretary T.S.R. Subramanian started the consultation process for the New Education Policy. Based on the committee report, in June, 2017, the draft NEP was submitted in 2019 by a panel led by former Indian Space Research Organisation (ISRO) Chief, Krishnaswamy Kasturirangan. The Draft New Education Policy (DNEP) 2019, was later released by Ministry of Human Resource Development, followed by a number of public consultations.

***Why this seminar is important :*** The seminar on 'National Education Policy (NEP) 2020 : A Review', is important in many ways, on one hand it gives a platform to the speakers to get an insight into the salient features of the policy with their special comments and on the other hand the participants with their independent views will give their feedback, which would encourage the Policy makers and the Government if the policy is hailed and at the same time if some reforms are suggested the Government may think of it. Since the NEP 2020 is not confined to school education rather it is a wholesome package of Higher Education drafted to keep in view of rapid globalization in all walks of life including education. Thus the initiative of Arya Kanya P.G. College to conduct this seminar at an International level so as to have a discussion globally with eminent scholars, educationists & others and interchanging insights on the topic will be beneficial for our country as well as for foreign countries.
