About Webinar:

We are pleased to inform you that as per the guidelines of MHRD for the holistic development of learning, the department of Economics is organizing a National Webinar for the faculty members, research scholars and students. This webinar will provide a platform to the participants to interact with the experts in the field of Economics. COVID-19 has proved itself to be the toughest challenges that we are going to fight with, as the deadly virus is novel and we have no weapons. The COVID-19 triggered pandemic has overturned the social and economic pools, the two main poles of our human life. The pathetic picture of bare footed, hungry returning migrant labourers, helpless doctors and overcrowded mortuaries, locked down big and small industries sine die closure of academic institutions may appear the enemy getting over us. The challenges have to be converted into opportunities. Medicine and medicinal equipments are the urgent demands which must be grabbed with both hands. Helping hands extended by the nation companies in the hour of crisis compel us to re think about 'swadeshi'.
